

Series 059

ALUMINUM FRAMED PREMIUM NATURAL CORK BOARDS

Specifications

All exposed metal shall be anodized extruded aluminum 6063-T5. Aluminum framing to be permanently attached to the tack surface. The self-healing tack surface is composed of 1/8" fine grain natural cork laminated to a sealed-back 3/8" fiberboard. These boards are backed by a 10-year guarantee. Available in sizes from 3'H x 4'W through 4'H x 12'W.
